Release of Student Directory Information Options

In conjunction with Section 7, Paragraph 3: Education Records – Directory Information and School Board Rule 5.20, this section provides the parent or adult student the opportunity to opt-out of the release of Student Directory Information. Parents should check the box(es) below that apply to opt-out of the release or publication of Student Directory Information:

1. I request that Student Directory Information not be released to Armed Forces, Military Recruiters or Military Schools.

Federal public law 107-110, Section 9528 or the ESEA, “No Child Left Behind Act”, requires school districts to release student names, addresses, and phone numbers to military recruiters upon request. The law also requires school districts to notify you of your right to Opt-Out from this by requesting that the district not release your information to military recruiters.

And/or

2. I request that Student Directory Information not be released to the school’s PTO like organization (if applicable). Many schools have a PTO support organization. PTO’s typically create and distribute a PTO directory that includes the student’s/parent’s name, address and phone number. Once released, this PTO directory is generally considered public.

Or

3. I request that **NO** Student Directory Information, including photographs and video (as outlined in Section 7 of the Student Code of Conduct) be released. **This option would prevent Student Directory Information from being published (in yearbooks, school newspapers, school websites, etc.) or released to 3rd parties (i.e. PTO’s, Armed Forces, Military Recruiters, Military Schools, approved school ring or yearbook vendors, etc.)** by schools or District departments except where required by law, and except for photographs or video taken or other Directory Information presented at a public forum, public event, or open house.

If any parent/guardian or adult student exercises any opt-out option(s) above (by checking any box), this form must be signed by the parent or adult student and returned to the school.

Students, parents/guardians, teachers, counselors, administrators, and office staffs all have important roles to play in our schools. With so many people working together, problems may occur from time to time. Rules have been made to address these problems. Like laws, rules apply to everyone, and they work only when everyone knows what they are.

This booklet lists the District rules for students in St. Johns County. The rules apply to all activities occurring on school grounds, on other sites being used for school activities and for any vehicles authorized for the transporting of students. Please read them. Since parents/guardians can be held responsible for the actions of their children, it is important that they are aware of the rules and consequences if the rules are broken. Parents, students, school faculty and staff need to know the rules.

Parents need to become involved in the education of their children and have the responsibility to provide the school with the current emergency contact person and/or telephone numbers. They also have the responsibility to notify the school of anything (such as medical information) that may affect their child's ability to learn, to attend school regularly, or to take part in school activities. As a parent, you also authorize designated St. Johns County School District personnel and St. Johns County Health Department School Health personnel to provide emergency care for your child and to exchange medical information as necessary to support the continuity of care of your child. Parents should also take special notice of the Attendance section of this Booklet as well as the Suspension and Expulsion provisions, which are in accordance with School Board Rule.

Signed forms must be part of every student's record. Your signature means that you have read this booklet and understand the rules. (It does not mean that you agree or disagree with them.)

All forms must be signed by parent/guardian and student and returned to school.

Dear Parents,

In compliance with Florida Statute 381.0056 (7), regarding school health services, we are notifying you that students in the St. Johns County School System will be offered free screening for vision, hearing, and height/weight measurement for growth and development. Virtual courses may be taken during or after the school day, either at or away from the students regular school of attendance. The next open enrollment periods to apply for St. Johns Virtual School as a full-time student are November 16, 2018 - January 4, 2019, and in the spring, April 12, 2019 to July 11, 2019. Enrollment in part-time virtual courses is subject to the school's normal drop/add policy. Virtual course requests must be approved by a guidance counselor. To learn about all virtual options, please go to <http://www-sjvs.stjohns.k12.fl.us> or call 904-547-8080.

St. Johns County schools also offer Academically Challenging Curriculum to Enhance Learning (ACCEL) options. Options include but are not limited to:

- High – college credit by via Advanced Placement, Dual Enrollment, Advanced International Certificate of Education or International Baccalaureate courses; course credit for passing state End-of-Course assessments; virtual instruction in advanced courses; early graduation

Finally, there are several diploma options. Designations are dependent upon a student's course of study. Details regarding the criteria for each option and graduation requirements can be found at <http://www.fldoe.org/academics/graduation-requirements>.

This is a great deal of information to consider. As you plan, one of the first places you may wish to visit is the district Parent Resource Guide, <http://www.stjohns.k12.fl.us/families/resource/>, and the Student Progression Plan, <http://www.stjohns.k12.fl.us/cs/spp/>. These user-friendly tools may promote a better understanding of the options open to your student. Dear Parent,

This letter is to inform you that there are several students in our school with severe nut food allergies. It is important that they strictly avoid this food in order to prevent life-threatening allergic reactions that require emergency medical treatment. To reduce the chance of this occurring, we are taking steps to provide them with a school environment that is as safe as possible. Those steps are as follows:

- Each of their classrooms will be designated as Nut Free, which means no nuts or products containing nuts will be allowed in those classrooms.
- There will be a designated Nut Free table in the café. This table will be available for any student with a nut free lunch, however, preference will be given to those students with a nut allergy.

Things you can do to help the school be Nut Aware:

- Inform yourself about the dangers of food allergies, especially peanut and tree nut. The Food Allergy Research & Education organization (FARE) has a great website. www.foodallergy.org
- If your child has eaten any nut butter before coming to school, please be sure your child's hands and face have been thoroughly washed before entering the school. It is important that nut residue is not on a child's hands when they handle common school books and equipment.
- Avoid sending nut products to school when possible. Minimizing the amount of nuts in the school environment will decrease the risk of exposure. **All treats must be store bought and approved by the school nurse.**

We understand that avoiding nuts can be difficult; we have provided a list of approved snacks on the back of this letter. This is not a comprehensive list and these snacks change frequently. If unsure about a particular food item, please email

Thank you so much for your prompt attention to this very important matter.

Dear Parents,

The St. Johns County School District (SJCS D) is committed to providing a safe and secure environment for your child. Each St. Johns County school has an Emergency Operations Plan with incident specific procedures that is reviewed and practiced regularly. These plans have been formulated using Federal Emergency Operations Agency and Department of Education guidelines that conform to federal, state and local guidelines. They have been coordinated with St. Johns County Emergency Services including law enforcement, fire and rescue, and the Emergency Operations Center. All principals are linked to the District's Crisis Management Team through telephone landlines, cellular phones and/or two way radios. SJCS D recognizes **The Incident Command System (ICS)**, a nationally recognized organization structure that provides for role assignment and decision-making while planning for and responding to critical incidents of all types.

Our school district works closely with local public safety officials using their expertise and input. Regular safety, health, security and fire inspections take place each year in all district schools. All district schools have been designated as shelters to be used in the event of a hurricane or other emergency requiring temporary shelter. Each school has a Safety Committee that meets a minimum of four times per year to discuss issues of safety and security. Fire drills are conducted each month beginning with two occurring in the first 20 days of school and one each month after. We also practice tornado, Active Shooter and AED Response Drills for all faculty/staff and students as well as procedures used for bomb threats and shelter-in-place drills. Bus evacuation drills are held once each semester.

Visitor and volunteer sign in procedures are required in each school. All district schools use the Keep N Track sign in system. We require all visitors and volunteers to sign in and wear name tags when visiting the school. All volunteers must complete a SJCS D Volunteer Application. A background check will be completed by the St. Johns County Sheriff's Office for security approval before applicants can volunteer.

In response to SB 7026, all St. Johns County schools are assigned a Youth Resource Deputy for emergency response situations, as well as facilitation of required training, drills, and participation on each schools Threat Assessment Team. These resource deputies have received extensive training in working with students and local schools. Multiple schools across the district will have an armed security officer present throughout the entirety of the

The St. Johns County School District will inspire good character and a passion for lifelong learning in all students, creating educated and caring contributors to the world.

school day. All students, faculty and staff will be participating in statutorily required active shooter drills each semester as well as viewing an active shooter response educational video facilitated by the St. Johns County Sheriff's Office.

The Office of Safe Schools Practical Information on Crisis Planning suggests that schools clearly let families know they should not call the school's direct line or come to the campus during an emergency. If the school has not been evacuated, calls could tie up desperately needed communication lines in and out of the school and parents' cars could physically block law enforcement, fire/rescue personnel and other first responders. Therefore, in the event of a crisis, we will communicate:

- *A crisis has occurred*
- *Specific directions on what to do and not to do*
- *All possible steps being taken to see to the safety of your children.*
- *Assurance that you will be reunified with your child as soon as it is safe to do so*

Every school has specific plans for the reunification of parents and their children in the event of a major emergency. If an evacuation occurs, parents will receive communication with regard to the reunification location and process. To communicate with parents in a crisis, our mass communication system, SchoolMessenger, will be used. This system provides instant telephone, text and email communication accepting up to four phone numbers and two email addresses per student. In order to receive text messages you must opt in. Please visit <http://www.stjohns.k12.fl.us/schoolmessenger/> for instructions. Our system can be used for emergency calls, community outreach, special events, and other school/district messages.

School psychologists, social workers, and counselors trained in crisis intervention are available to students and their families in all emergencies. A district counseling team is also available for school support. All high schools, middle and elementary schools are equipped with AEDs (Automated External Defibrillator). Each school has CPR/AED certified faculty and staff and an AED Response team.

If at any time you have concerns about the safety of your child or issues concerning safety or security, please call the school.

Sincerely,

Amanda L. Riedl, Principal
