## Safety Updates

This week at our SAC meeting, I shared the updated safety plans we have made to the building. Although each year we spend time as a faculty and staff updating our safety plans and practicing drills throughout the year, this year we have provided additional safety mechanisms to the interior and exterior of the building.

All interior doors will remain locked throughout the day. This does not compromise students while in the classroom or leaving the classroom, but, in case of an emergency, it provide an extra layer of security inside the building. Additionally, the district has installed a 6 foot fence with a locking gate to our back entrance. The gate remains locked at all times to ensure visitors do not have access to the back of our building.

The district is currently working with a task force to receive community feedback and provide updates throughout the district. We are looking forward to their decisions as they have made it a priority to ensure the safety of our students throughout the district.

Thank you for trusting us with your children. Our students are our priority and we will continue to update our plans to ensure we are providing safe and secure learning environments for our students and staff.

*Amanda L. Riedl, Learning Leader*

Congratulations to our Character Cup Olympic team! They did a great job and Blake W. won first place in the Frisbee toss! Way to go Mustangs!
